- Concept Sketching
- Accessibility
- Information Architecture
- Interaction Design
- Facilitation
- Project Scoping
- Project Management
- Visual Design

EXPERIENCE

UX Designer | Canada Revenue Agency | Ottawa | Sep 2024 - Dec 2024

- Assists with the execution of research plan under guidance from Design Lead.
- Prepares supporting materials for research by research plan, leveraging a deep understanding of user-centered design (UCD), user research, user testing, A/B testing, rapid prototyping, heuristic analysis, usability, and accessibility.
- Capture/documentation of all UX/UI research and requirement gathering.
- Transforms high-level project requirements or user stories into tangible sitemaps, user ows, wireframes, and prototypes using modern prototyping and design tools (e.g., Figma & Sketch).

Product Designer | Treasury Board of Canada Secretariat | Ottawa | Nov 2022 - Jan 2024

- Produce UX and visual design deliverables, including user flows, wireframes, high-fidelity mockups, and final creative assets.
- Contribute to planning and conducting usability testing and other user research.
- Translate customer data and insights into design decisions, improvements, and opportunities.
- Implement existing design patterns, style guides, and accessibility guidelines while contributing to their continuous improvement.

Visual Designer | Equidox | Ottawa | Jun 2019 - Nov 2022

Production Designer | Royal Bank of Canada | Toronto | Nov 2018 - Jan 2019
